

4948A Rack

Accessory for 2775C and 6634D

The Endevco Model 4948A is a 19 inch rack that houses up to 6 signal conditioner units of the Endevco Model 2775C or 6634D. The front end of the rack provides access and guidance by means of card guides. The rear end of the rack is completely open allowing the user to access the rear connectors of the 2775C or 6634D.

For power supply and power supply cable management, optional accessories 100-17992-60 (Rack mounted component shelf) and 100-7095-30 (Power Strip) are available. Page two shows an example configuration using these optional accessories.
